(1) The accompanying papers relate to the question of extending Sections* 5 to 20 of the Mysore Mines Regulation to the Kolar Gold Fields Railway premises.

*Page 3 to 6 of the Mysore Mines Regn., 1908.

(2) 2. The Mining Companies have for a long time been pressing for such extension. After the retrocession of jurisdiction over the Kolar Gold Fields Railway in favour of the State, the Inspector General of Police has also found the measure to be necessary.

(3) 3. The decision* of the Chief Court in Criminal case No.839 of 1914-1915 and more than this, the somewhat inconvenient observation of Mr. Justice Paramasiva Iyer that the provisions of the Mines Regulation should be applied to the Kolar Gold Fields Railway premises, have given considerable weight to the contention of the Mining Companies.

(4) 4. The case was discussed in Council on two occasions and their opinion* is that the accompanying draft* letter to the Residency, requesting the approval of the Government of India to the proposed extension of the Sections referred to, to the Kolar Gold Fields Railway premises, may issue.

My dear Sir,

28) In returning the file relating to the question of the extension of certain provisions of the Mysore Mines Regulation to the Kolar Gold Fields Railway premises, I am directed to suggest that the Resident may kindly be asked by you personally if it is really necessary for the Durbar to approach the Government of India in a matter like this and whether they cannot reasonably expect to be allowed to dispose of the question, which is a purely local one, without a reference to them.

My dear Sir,

29/ With reference to your D.O. letter No.48 dated 12th August 1916 - regarding the proposed extension of - the Mines Regulation to the Kolar Gold Field Railway premises, I write to invite your attention to the marginally noted correspondence on the subject. It will be seen that while recommending the retransfer of the - - jurisdiction over the K.G.F. Railway premises, the Hon'ble the Resident - (Sir Hugh Daly) suggested, and we agreed to the suggestion, that the - - question of the extension of sections 5 to 20 of the Mines Regulation to - that locality should be reserved for ~~subsequent future~~ that is, fuller consideration, after further experience was gained. The Government of India sanctioned the retrocession temporarily ~~of the aforesaid jurisdiction~~ on this ~~condition~~ understanding. In our letter of the 25th January 1915, while - asking ~~for~~ that the transfer of the jurisdiction to the Durbar might be - made permanent, it was stated that a further communication would be sent in the matter of the extension of the Mines Regulation to the Railway premises.

30/ It is in accordance with -

1. No.714 D/3-2-13 from the Residency (paragraph 3).
2. No.89 D/ 22-4-13 to the Residency (paragraph 3).
3. No.7252D/ 22-11-13 from the Residency (paragraph 3).
4. No.709 D/25-1-15 to the Residency.

12

the above understanding that it is -
now proposed to address the Residency.
Ordinarily, the Government of H.H. -
would be quite competent to make the
provisions of the Mines Regulation
(which extends to the whole State) ap-
plicable to any particular area in the
State. An early reply will be returned a favour.

III Extract from the Address presented to the Dewan by Mr. H. M. A. Cooke. Sept

We again beg to invite attention to the supreme importance of extending sections 5 to 20 of the Mysore Mines Regulation to the Branch Railway.

We would take this opportunity to draw attention also to the desirability of extending the provisions of section 17 of the Mysore Mines Regulation to Robertsonpet, Andersonpet, Ooregum-village, Krishnagiri lines and Frank and Company's Lines, which are adjacent to the Mines and are infested with receivers of Gold, thieves and other bad characters, many of whom have been warned off the Mines, and who have taken up their residence in the localities named, knowing that there they cannot be served with notices to quit.

In this connection, we would point out that the word "residence" in section 17, as recently amended, restricts the powers of the Superintendent of Police in dealing with undesirable characters, because it gives to such as may not actually reside in the Mining Area a loophole for frequenting that area with impunity. The old section contained no such restriction, and we feel sure that His Highness' Government, in amending it had no intention of narrowing its application. We therefore respectfully ask that the word "presence" may be substituted for the word "residence," thereby restoring the powers which the old section afforded.

Sir,

MYSORE MINES REGULATION.

I have the honour, under instructions from the Mining Board, to draw your attention to the Proceedings of the Chief Court of Mysore in re Petition of Criminal Appeal, No.170 of 1914-15, against the conviction and sentence by the Assistant Commissioner and First Class Magistrate of the Kolar Gold Field of the appellant - Mahomed Usman (accused) - under Section 411 of the Indian Penal Code, in Criminal Case No.839 of 1914-15, and to ask respectfully that these Proceedings may kindly be considered in connection with the Board's letter to you dated 20th January 1915, in which the hope was expressed that His Highness's Government would recommend to the Imperial Government the application to the Kolar Gold Field Branch Railway of Sections 5 to 20 of the Mysore Mines Regulation.

21 11 Legis 45-46

In view of the decision of the Chief Court in the Petition referred to, it will be useless for the Police to put up any more cases concerning Mining Material detected on the local

Railway premises, as they must all end in acquittal. The present position is, therefore, a hopeless one, and unless the Mines Regulation is extended to the Railway such material can in future be possessed, and carried, thereon with impunity.

The Board desire me to invite your attention very particularly to the fact that one of the Judges of the Chief Court has expressed the opinion that the Mysore Mines Regulation should be extended to the Railway, and they hopefully anticipate that this pronouncement will add considerable weight to their petition.

I have the honour to be,

Sir,
